Listening 1:

You are going to hear five short texts about ***important things for camping****. Match the pictures with the texts. For each text, shade in the bubble* ⬭ *under the correct option.* ***You will hear each text TWICE.***

1- Water is important for every camping trip. You should take enough water for cooking and drinking too.
2- Take enough food like bread, rice and some packaged food since there is no fridge to keep other food.
3- It is important to take a tent. You need a place to sleep in and protect you from cold and insects at night.
4- Sometimes it becomes dark at night, so you should take a torch to see well during the night.
5- Don't forget your matches. You will use them when you cook or when you want to set a fire.

Listening 2 :

You are going to hear ***Danial*** *talking about* ***his life.***
Listen and complete the table with **(√)** *if it is true or* **(X)** *if it is false.*
You will hear the text TWICE.

I am Danial. I live in a small village in Britain. I live with my family in a big house. We have 7 bedrooms, a big living room and a big kitchen. The weather is cold, and my mum always tells me to wear warm clothes every day. We have a big garden where we grow vegetables and some fruits. We don't have any animals. My mum doesn't keep animals because they eat the plants. I study in the village school with my friends. We use the bus to go to school. We spend 6 hours in the school, then the bus drives us back home. We have our lunch. After that we play in the garden in the evening. I like playing on the swing.
