GOVERNORATE: Dhahira **2023/2024**

GRADE EIGHT

Semester One
First Session

Listening ١:

١) In my free time, I go out with my friends to collect shells from the beach. We also like playing beach volley ball.

٢) In the past, animals used to be kept in small cages. But nowadays animals are kept in big enclosures.

٣) Cars, smart phones and smart watches are example of new ideas that have been invented and they highly change our lives nowadays.

٤) My brother is searching for screws, wood and elastic bands. He wants to use them for his school project.

٥) I like this place so much. All its food is delicious. Its menu also has a lot of options to order.

Listening ٢:

One day, Sara and her family travelled to Egypt. They stayed in an old hotel in Cairo which is the capital city of Egypt. On the first day, they visited the pyramids because Sara loves them. Sara was surprised with their huge size. Then, Sara and her sisters rode the camels. In the second day, the family visited the suq. There were a lot of people there. Sara bought a skirt and a shirt for her friend Fatma. Suddenly, Sara couldn't find her little sister "Muhra". She told her father about that and all the family started to search for Muhra. After one hour, they found her in one of the shops playing with the toys. The family was very happy to see her. The next days, the family visited Alexandria. They stayed there for five days. They enjoyed the beach and the food there. Sara liked Egyptian flafel sandwiches so much.
