"Hi, I'm Huda, an eight-grade student, and I'm super excited to share my first-ever plane ride with you!
Last year, my family and I visited the big airport in Muscat, Oman's capital. The planes were huge, making me feel tiny. Inside, my seat had a seatbelt just like in a car.
I got a little nervous when the plane started, but my mother helped me feel better. The plane flew into the sky, and it was amazing! Looking out the window, everything seemed so small.

During the flight, I watched a film. It was interesting and funny.The clouds below looked like fluffy pillows; it was like being in a dream.

Finally, we arrived in Qatar after two hours. The landing was safe and easy. The city lights were so pretty! I was really happy.
My first plane ride was awesome, and I can't wait for another one. Flying is so much fun, and I hope you get to experience it too! Until next time!"
